Compulsory Core Modules

Module Titles	Understanding the Tourism and Hospitality Industry
	Services Marketing
	Food and Beverage Operation
	Housekeeping Operations
	Front Office Operations
	Business Operations in the Hospitality & Tourism Sector
	Industrial Attachment

Module Description

Understanding the Tourism and Hospitality Industry	This module aims to introduce students to the tourism and hospitality industry. Students will understand the types and characteristics of different hotel and food service providers. Students will also understand the roles and functions of different delivery channels operating within the industry and will be able to gain an insight into how the industry has developed and is likely to develop in future.
Services Marketing	The aim of this module is to introduce learners to services marketing techniques and to provide an understanding of the role of customer service in the hospitality and tourism industry. Learners will be introduced to the principles of consumer behaviour and the marketing mix.
Food and Beverage Operation	Emphasize the importance of the theoretical and practical aspects required of service staff involved in the day to day operations of food and beverage outlets. This module also includes an understanding of service delivery decision-making process and standards that are expected of them. This subject explains and examines the product, its origin; the making process and packaging and service aspect of alcoholic and non-alcoholic beverages. It is a prerequisite to managing food and beverage service in the tourism and hospitality industry
Housekeeping Operations	The aim of this module is to enable students to examine concepts of housekeeping operations in the hospitality industry. One of the principle goals of housekeeping is to serve the needs of guests by providing appropriate care for their accommodation and for other areas in the lodging property.

Front Office Operations The aim of this module is to introduce students to the systems and procedures required for Front Office Operations. It emphasizes the importance of high standards in personal qualities and the provision of customer service. Students will develop knowledge and skills in reception procedures as well as understanding the key legislation that relates to reception procedures. They will also evaluate the suitability of different procedures for a range of hospitality outlets.

Business Operations in the Hospitality & Tourism Sector The aim of this module is to provide students with a broad introduction into the complex world of hospitality and tourism business operations. It provides an overview of the separate functions and activities that concern managers in modern businesses. This module reflects modern concerns of hospitality and tourism business operations.

Industrial Attachment Upon completion of all 6 modules, all students are required to undertake an industrial attachment for up to 6 months with an organization of their choice. Students will be required to submit reports and evaluations during the attachment.

Industrial experience learning opens your eyes to a range of opportunities in the business world. It gives the learners first-hand practical experience and the chance to see what a variety of different jobs are really like, including some the learner may have considered. In this module, the learner will be exposed to different types of industry-related learning and its benefits. The learner will gather information before starting the placement, and how the placement can help the learner develop key competencies needed for employment. The learner will learn more about expectations of different roles and evaluate the experience through a reflective journal.

Final Project Students who are unable to secure an attachment can opt for the Final Project as a replacement of the attachment. Students will be required to complete a research paper and presentation on a topic of their choice under the guidance of a lecturer.

About IMSC

The International Management and Sports College (IMSC) was formed after a rebranding exercise undertaken by the International Sports Academy (ISA).

ISA was founded in 2003 to provide the much-needed knowledge and skills required to empower individuals with the right tools to achieve success in the burgeoning sporting industry. Together with our partners from the United States Sports Academy, the Australian Sports Academy, the National Strength and Conditioning Association, and the American Council on Exercise, we offer quality certifications and diplomas that are recognised internationally, to provide our students with an edge in the sports and fitness industry.

Over the years, the sports and fitness industry has evolved greatly and the local sports scene has seen an explosion of world class sports events like Formula One and the WTA Finals. There is now a demand for trained personnel not just in sports and fitness, but also in tourism, hospitality, events management, marketing, retail, and facilities management. Thus ISA was renamed International Management and Sports College (IMSC) to better reflect our increased course offerings in business, tourism and hospitality management to better serve the changing needs of the industry.

IMSC will continue to serve as Singapore's and the region's premier private education institution, in providing a holistic education that equips individuals with the skillsets and competencies required for the future economy. We offer a series of quality academic programmes, professional certifications and continuing education courses to cater to varied needs and schedules, in helping our students achieve their goals in lifelong learning.

Our Mission

To provide a holistic education that equips individuals with the skillsets and competencies required for the industry.

Our Vision

To develop industry-ready individuals for the future economy.

Our Values

Passion | Progress | Purpose

Our Culture

Where success is not quantified by just the result, but rather by the calibre of the pursuit.
