MODULES DESCRIPTION

ORGANISATION BEHAVIORS & CHANGE MANAGEMENT

This module provides a comprehensive understanding of organisational behaviour and change management principles, theories, and practices. Students will learn to analyse individual and group dynamics, understand motivation and engagement, and develop strategies for managing change effectively in today's global workplace.

SUSTAINABLE ENTERPRISE AND LEADERSHIP

This module explores the critical intersection of sustainability, entrepreneurship, and leadership. It equips learners with the knowledge and skills to identify opportunities, apply ethical principles, and foster an entrepreneurial mindset to drive positive environmental and social impact through sustainable business practices.

FINANCIAL ECONOMICS

This module provides a comprehensive introduction to the core principles of financial and managerial accounting, financial analysis, and fundamental economic concepts. Students will learn to interpret financial information, make informed business decisions, understand macroeconomic trends, and evaluate the impact of economic policies.

BUSINESS ANALYTICS

This module equips students with essential business analytics skills. Learn to analyze data using statistics, create impactful visualizations, build predictive models, and formulate data-driven business recommendations. Gain practical experience with industry-standard tools for informed decision-making.

DIGITAL STRATEGIES FOR BUSINESS TRANSFORMATION

This module is designed to equip students with a comprehensive understanding of digital transformation and its profound impact on businesses across various industries. Students will explore the key concepts, technologies, and strategies that drive successful digital transformation initiatives. The module will also focus on developing the ability to identify digital opportunities and threats, and to formulate innovative digital strategies and business models.

HARNESSING GLOBAL TALENTS, CULTURES AND ESG

This module explores the attraction, management, development, and retention of talent in a global context, with a strong emphasis on Environmental, Social, and Governance (ESG) principles. It equips learners with the knowledge and skills to develop and implement talent management strategies that align with business goals and values, and to evaluate the effectiveness of these practices.

About IMSC

The International Management and Sports College (IMSC) was formed after a rebranding exercise undertaken by the International Sports Academy (ISA).

ISA was founded in 2003 to provide the much-needed knowledge and skills required to empower individuals with the right tools to achieve success in the burgeoning sporting industry. Together with our partners from the United States Sports Academy, the National Strength and Conditioning Association, and the American Council on Exercise, we offer quality certifications and diplomas that are recognised internationally, to provide our students with an edge in the sports and fitness industry.

Over the years, the sports and fitness industry has evolved greatly and the local sports scene has seen an explosion of world-class sports events like Formula One and the WTA Finals. There is now a demand for trained personnel not just in sports and fitness, but also in tourism, hospitality, events management, marketing, retail, and facilities management. Thus ISA was renamed International Management and Sports College (IMSC) to better reflect our increased course offerings in business, tourism and hospitality management to better serve the changing needs of the industry.

IMSC will continue to serve as Singapore's and the region's premier private education institution, in providing a holistic education that equips individuals with the skillsets and competencies required for the future economy. We offer a series of quality academic programmes, professional certifications and continuing education courses to cater to varied needs and schedules, in helping our students achieve their goals in lifelong learning.

OUR MISSION

To provide a holistic education that equips individuals with the skillsets and competencies required for the industry.

OUR CULTURE

Where success is not quantified by just the result, but rather by the calibre of the pursuit.

OUR VISION

To develop industry-ready individuals for the future economy.

OUR VALUES

Passion | Progress | Purpose

Why choose IMSC?

- Conferred Edutrust (4-Year) Award by the Committee for Private Education for maintaining high standards in providing quality education services.
