MODULES DESCRIPTION

ORGANISATION BEHAVIORS & CHANGE MANAGEMENT

This module provides a comprehensive understanding of organisational behaviour and change management principles, theories, and practices. Students will learn to analyse individual and group dynamics, understand motivation and engagement, and develop strategies for managing change effectively in today's global workplace.

SUSTAINABLE ENTERPRISE AND LEADERSHIP

This module explores the critical intersection of sustainability, entrepreneurship, and leadership. It equips learners with the knowledge and skills to identify opportunities, apply ethical principles, and foster an entrepreneurial mindset to drive positive environmental and social impact through sustainable business practices.

FINANCIAL ECONOMICS

This module provides a comprehensive introduction to the core principles of financial and managerial accounting, financial analysis, and fundamental economic concepts. Students will learn to interpret financial information, make informed business decisions, understand macroeconomic trends, and evaluate the impact of economic policies.

BUSINESS ANALYTICS

This module equips students with essential business analytics skills. Learn to analyze data using statistics, create impactful visualizations, build predictive models, and formulate data-driven business recommendations. Gain practical experience with industry-standard tools for informed decision-making.

DIGITAL STRATEGIES FOR BUSINESS TRANSFORMATION

This module is designed to equip students with a comprehensive understanding of digital transformation and its profound impact on businesses across various industries. Students will explore the key concepts, technologies, and strategies that drive successful digital transformation initiatives. The module will also focus on developing the ability to identify digital opportunities and threats, and to formulate innovative digital strategies and business models.

HARNESSING GLOBAL TALENTS, CULTURES AND ESG

This module explores the attraction, management, development, and retention of talent in a global context, with a strong emphasis on Environmental, Social, and Governance (ESG) principles. It equips learners with the knowledge and skills to develop and implement talent management strategies that align with business goals and values, and to evaluate the effectiveness of these practices.

MODULES DESCRIPTION

RESEARCH & ACADEMIC WRITING

The aim of this unit is to provide learners with an understanding of the main factors influencing the development of the hospitality and tourism industry. Learners will develop the ability to analyse the factors affecting demand within the industry as well as knowledge of the main providers of goods and services in hospitality and tourism.

BUSINESS LAW

The module offers a comprehensive understanding of United Kingdom's business law. Covering legal framework, contract law, company law, and intellectual property law, learners gain knowledge of key legal considerations, rights, and obligations. This prepares them to navigate legal challenges and make informed decisions in their professional careers.

PRINCIPLES OF MANAGEMENT

This module aims to equip students with a foundational understanding of management, encompassing organizational concepts, managerial roles, and the historical evolution of management thought. It will also explore the complexities of managing in a global environment and the critical importance of ethical considerations and social responsibility in modern business practices, including emerging areas like greening of management.

PRINCIPLES OF ACCOUNTS

This module aims to equip students with a fundamental understanding of accounting principles and practices. It will cover the core concepts, procedures for recording financial transactions, and the preparation of essential financial statements. Students will also learn to handle specific accounting scenarios, including control accounts, non-profit organizations, and reconstructing financial information from limited data, fostering practical accounting skills.

MARKETING ESSENTIALS

This module aims to provide a comprehensive understanding of marketing principles, from foundational concepts and environmental analysis to consumer behavior, product development, pricing strategies, and integrated communication. Students will develop practical skills for managing marketing information and crafting effective strategies to deliver customer value.

PROFESSIONAL COMMUNICATIONS

This module equips learners with essential communication skills vital for professional success. It delves into the foundational theories of communication, hones personal communication techniques, and builds confidence in public speaking, group discussions, and persuasive presentations. The module also emphasizes critical thinking, research, and effective use of visual aids to enhance communication impact.

About IMSC

The International Management and Sports College (IMSC) was formed after a rebranding exercise undertaken by the International Sports Academy (ISA).

ISA was founded in 2003 to provide the much-needed knowledge and skills required to empower individuals with the right tools to achieve success in the burgeoning sporting industry. Together with our partners from the United States Sports Academy, the National Strength and Conditioning Association, and the American Council on Exercise, we offer quality certifications and diplomas that are recognised internationally, to provide our students with an edge in the sports and fitness industry.

Over the years, the sports and fitness industry has evolved greatly and the local sports scene has seen an explosion of world-class sports events like Formula One and the WTA Finals. There is now a demand for trained personnel not just in sports and fitness, but also in tourism, hospitality, events management, marketing, retail, and facilities management. Thus ISA was renamed International Management and Sports College (IMSC) to better reflect our increased course offerings in business, tourism and hospitality management to better serve the changing needs of the industry.

IMSC will continue to serve as Singapore's and the region's premier private education institution, in providing a holistic education that equips individuals with the skillsets and competencies required for the future economy. We offer a series of quality academic programmes, professional certifications and continuing education courses to cater to varied needs and schedules, in helping our students achieve their goals in lifelong learning.

OUR MISSION

We are committed to becoming Asia's premier education innovator, empowering students with industry-aligned skills that transcend borders

OUR VISION

To lead Asia in building sustainable, global careers

OUR CULTURE

Where success is not quantified by just the result, but rather by the calibre of the pursuit.

OUR VALUES

Passion | Progress | Purpose

Why choose IMSC?

- Conferred Edutrust (4-Year) Award by the Committee for Private Education for maintaining high standards in providing quality education services.
- Appointed Education Partner by University of Portsmouth for Sports Science and Sports Management programmes.
- Named Most Preferred Private Education Institute for Diploma/Advanced Diploma (Sports and Recreation) by JobsCentral Learning Survey.
- Provides early industry exposure and job placement assistance through extensive industry network.
- Endorsed by leading industry employers such as Virgin Active, True Fitness, the Pure Group, BFT, among others.
- Offers continuing education courses for increasing skillsets.
