MODULES DESCRIPTION

NURSING HOME AND PALLIATIVE OR HOSPICE CARE IN THE HEALTHCARE INDUSTRY

The aim of this module is to provide learners with a broad introduction to residential care for patients in the industry. These facilities will provide short-term or long-term care with assistance to residents who need help in most of their activities of daily living and/or have daily nursing care needs. Palliative and hospice care provides specialized medical care for people living with a serious illness.

EXERCISE AND NUTRITIONAL INTERVENTIONS FOR OLDER ADULTS

The aim of this unit is to introduce learners to : The physiological changes of aging and its implications on the function of the human body ; Create personalized training programs to improve functionality in older adults and ; Evaluate suitable nutritional interventions for various chronic conditions and diseases.

STANDARD FIRST AID AND CARE

The aim of this unit is to introduce learners to : Identify the underlying causes of different types of injuries ; Administer basic immediate first aid without any medical help ; Perform adult CPR and use the AED and ; Learn foreign body airway obstruction (i.e. choking) management for a conscious or unconscious adult.

CAPSTONE PROJECT

This unit is the final project where learners have hands-on experience to design and implement a care plan for a patient / client. During this unit, the learner will also be expected to undertake real-life observation of how a professional care giver executes the care plan for said patient / client. This will culminate in the preparation of an observation report where the learner will be expected to present his/her findings during the observation, and the adequacy of his/her care plan.

INTERNATIONAL MANAGEMENT & SPORTS COLLEGE

About IMSC

Founded in 2003, IMSC stands as one of Singapore's pioneering private educational institutions. It emerged following the privatization of the education division within the former Singapore Sports Council.

We deliver tailored education solutions that transform students into globally competitive professionals and visionary entrepreneurs. Our programs are meticulously designed to align with high-growth industries, ensuring graduates not only secure opportunities but thrive in them.

During its founding days, IMSC was appointed by the United States Sports Academy (USSA) as its sole partner in Singapore to provide quality academic sports certifications and diplomas. Thereafter, IMSC continued to grow from strength to strength, and has diversified into providing professional certifications and education in multiple industries such as business management, hospitality and tourism, sports and wellness, logistics, and many others.

IMSC has persistently emphasized building a formidable international presence. It has attracted students from over 15 countries and has established academic and industry partnerships with esteemed institutions in China, Malaysia, Vietnam, England, Australia, and India. Today, IMSC's programmes can also be found in countries like Malaysia and China.

OUR MISSION

We are committed to becoming Asia's premier education innovator, empowering students with industry-aligned skills that transcend borders

OUR VISION

To lead Asia in building sustainable, global careers

OUR CULTURE

Where success is not quantified by just the result, but rather by the calibre of the pursuit.

OUR VALUES

Passion | Progress | Purpose

Why choose IMSC?

- Industry Readiness – Special emphasis on teaching skills and knowledge necessary for the workforce.
- Access to Higher Education - Our pedagogy is grounded in a curriculum aligned with the latest frameworks adopted by leading universities, ensuring that students acquire relevant, forward-thinking knowledge and are well-prepared for advanced learning.
- Rigorous Curriculum - Provide students with a strong academic foundation that would allow them to pursue higher education.
- Experienced Educators - Our educators are industry practitioners, ensuring students learn workplace-relevant skills and knowledge.
